Join us in 2025 and ride to transform the lives of Australia's country kids!

Each year, we head out on a three-day ride across regional NSW to help raise awareness and vital funds to give country kids the developmental and mental health services they need, but otherwise cannot access.

This year's Ride is set to be an incredible event, as it celebrates 100 years of Royal Far West. The event route will take riders on an outback heritage journey through far west NSW, visiting key locations including Bourke, Cobar and Narromine, which are significant to both Royal Far West's history and future.

Ride as an individual or gather a team and take on the challenge together! We also welcome enquiries regarding partner and sponsorship opportunities.
